

## **Town Transfer Stations and Delaware County Solid Waste Management Center**

3.24.2020

During this state of emergency time many services are operating with reduced staffing in our efforts to control the spread of Covid-19 (coronavirus). Delaware County Solid Waste Management Center and the Town Transfer Stations work in partnership to manage waste and recyclables. Please be patient, respectful, and courteous to facility staff and other customers as we continue this service to our communities. We ask that you limit your visit to our facilities to only what is essential for disposal and to adhere to social distancing of 6' minimum separation between people.

Questions regarding your locally owned and operated **Town Transfer Station** should be directed to your Town offices. When Town offices are closed, please contact your local transfer station directly. Many Towns allow access to their Transfer Stations for permit holders only. See the following links for more information about individual Town Transfer Stations:

Town of Andes Transfer Station, 3760 County Road 1, Andes
