Face Covering Donations

Delaware County Emergency Services has received a supply of cloth face coverings for public distribution. This distribution is intended to help residents comply with Executive Orders 202.17 and 202.18.

Executive Order 202.17, issued on April 15, 2020, provides the following directive:

Effective at 8 p.m. on Friday, April 17, 2020 any individual who is over age two and able to medically tolerate a face-covering shall be required to cover their nose and mouth with a mask or cloth face-covering when in a public place and unable to maintain, or when not maintaining, social distance.

Executive Order 202.18, issued on April 16, 2020, provides the following directive:

Any person utilizing public or private transportation carriers or other for-hire vehicles, who is over age two and able to medically tolerate a face covering, shall wear a mask or face covering over the nose and mouth during any such trip; any person who is operating such public or private transport, shall likewise wear a face covering or mask which covers the nose and mouth while there are any passengers in such vehicle. This directive shall take effect in the same manner as Executive Order 202.17, at 8 p.m. on Friday, April 17, 2020.

Emergency Services is coordinating with the Towns and Villages to distribute the face coverings in each community. It is anticipated the face coverings will be provided to the communities for distribution over the next few days. If you are in need of a face covering, please contact your local town hall for details about where they will be available. Each town will have a few hundred available to distribute on a first come first serve basis.
