Tina B. Molé, Chairman
Christa M. Schafer, Clerk

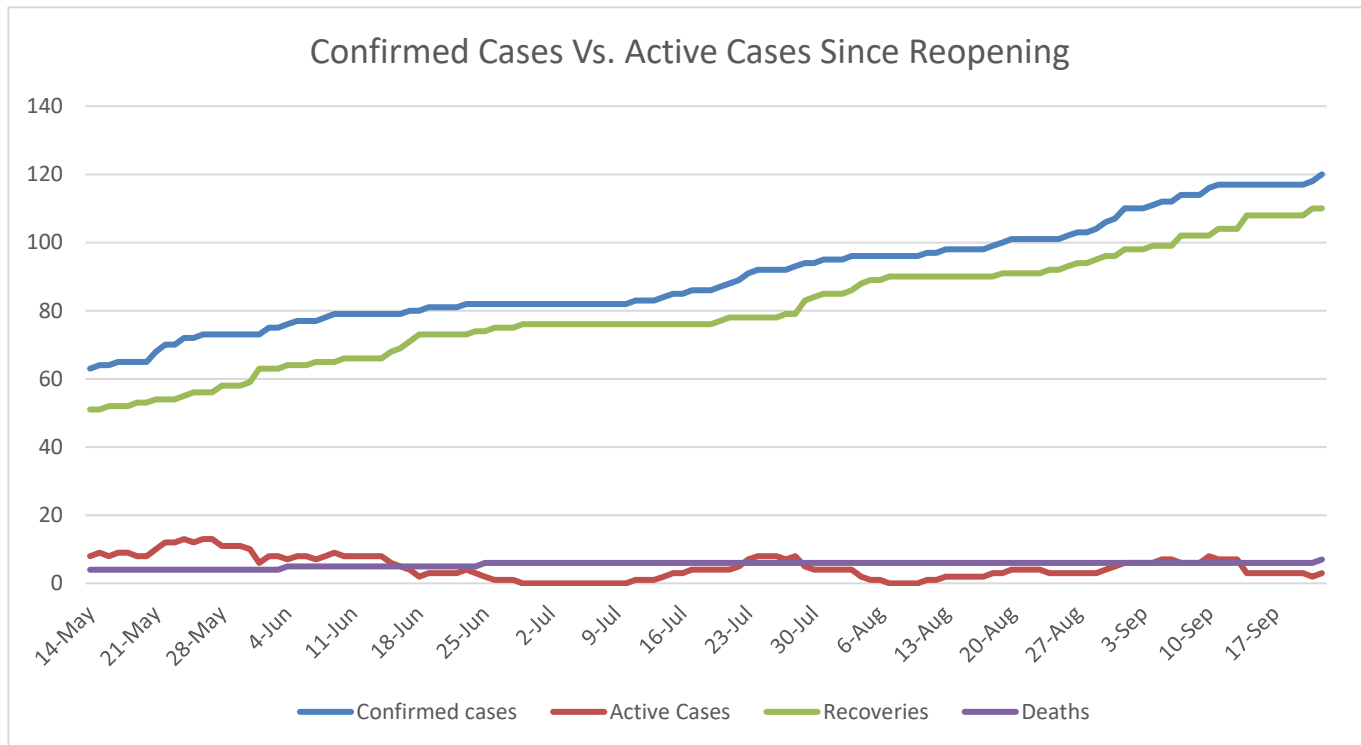

PRESS RELEASE September 22, 2020

Delaware County is saddened to report notification that a Delaware County COVID-19 positive patient has passed away at a local hospital. We send our deepest condolences to the family and friends. Since last Friday we have received three new reports for positive COVID-19 test results and two additional recoveries. The known active cases in the County as of today remains 3. To date there have been 120 confirmed positive cases of COVID-19 in Delaware County, with 10 people now under mandatory quarantine and no one under precautionary quarantine. As of today two (2) people are isolated and receiving care at home and one (1) person is isolated in the hospital, 7 people have died and 110 have fully recovered and are no longer isolated or receiving care.

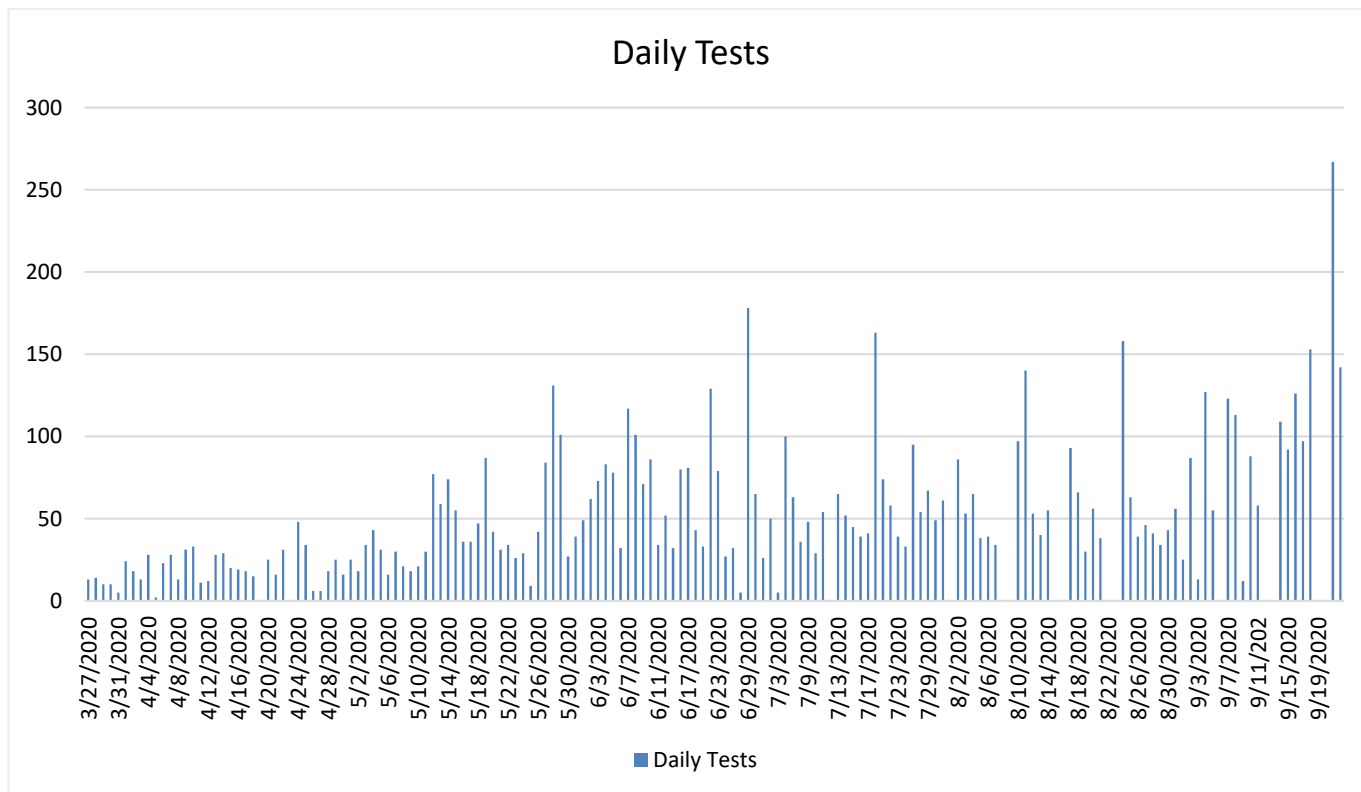

The following chart is a representation of positive cases since March 23, 2020.

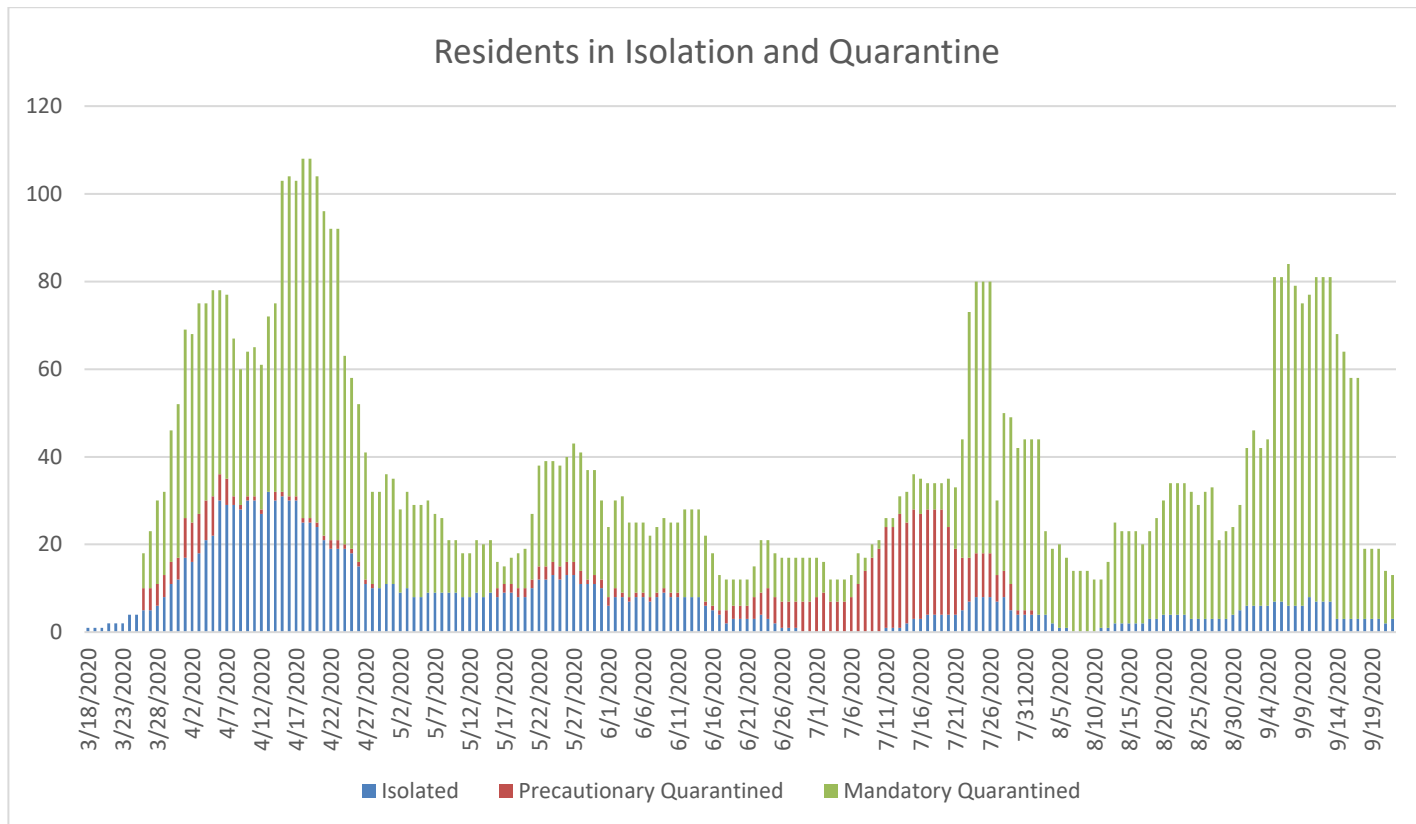

The following chart represents the number of cases since the beginning of our economic reopening Phase 1 on May 15, 2020. The numbers have remained fairly consistent with confirmed cases and recoveries rising slowly, keeping the number of active cases and deaths flat from day to day.

Delaware County remains vigilant in testing residents. The following chart represents the total number of new daily test results received since March 26, 2020.

Another important measure that we need to be conscious of are the residents that have been placed under mandatory or precautionary quarantine. The following chart shows the number of residents quarantined and isolated.

The following chart represents the total number of confirmed cases in Delaware County in relationship to the number of those cases that have been discharged from care, deceased and active cases of the disease. The number of known active cases as of today is 3 and the number discharged is 110 while the number deceased is 7.
