111 Main Street, Suite 1
Delhi, New York 13753**

Telephone: 607-832-5110

**Tina B. Molé, Chairman
Christa M. Schafer, Clerk**

PRESS RELEASE September 28, 2020

Delaware County is reporting one (1) new active case of COVID-19 today. The known active cases in the County as of today is 4. To date there have been 121 confirmed positive cases of COVID-19 in Delaware County, with 20 people now under mandatory quarantine and no one under precautionary quarantine. As of today three (3) people are isolated and receiving care at home and one (1) person is isolated in the hospital, 7 people have died and 110 have fully recovered and are no longer isolated or receiving care.

As we have continued to stress over the past seven months the COVID-19 statistics reflected in the daily updates are limited by the amount of testing that is conducted. Community spread is still a threat and therefore we are asking that you continue to be diligent in social distancing by practicing the following:

- Stay a minimum of 6-feet from anyone that is not in your immediate household;
- Wear face coverings in public and when you cannot maintain a 6-foot separation;
- Keep gatherings to less than 50 people;
- Wash your hands regularly throughout the day;
- Clean and disinfect your personal space regularly;
- Stay home if you are not feeling well

With the onset of Fall and Winter there are several illnesses that spread throughout the community including the flu, common colds, pneumonia, and allergies. Most of these have the same symptoms of COVID-19 so it is important to be cautious if you are not feeling well. If you suspect, you have been exposed to COVID-19 please make an appointment with your health care provider to be tested.
